

MAIN DIMENSIONS

Length Overall	13.10 m.	43'
Length waterline	11.60 m.	38' 1"
Beam Overall	4.33 m.	14' 2"
Draft	1.24 m.	4' 1"
Displacement	16.5 tons	36,500 lbs.
Fuel Tank	1300 liters	340 gal.
Fresh Water Tanks	750 liters	200 gal.
Waste Tank	150 liters	40 gal.
Classification	CE - B	

CONSTRUCTION & OUFIT

Grade A steel hull and deckhouse will be of welded Grade A steel construction
Additional structural reinforcements in way of propulsion arrangement, rudder, deck machinery, foundations
and outfit subjected to heavy load
316L fresh water and holding tanks
Folding type, aluminum derrick/boom

PROPULSION

Cummins®, Model: 4B3.9-M, 130HP at 2500RPM diesel engine with ZF® gearbox and Kobelt® control
Flexible coupling, stainless steel shaft, water lubricated stern tube, drip-less seal, cutles bearings
Steel rudder with stainless steel shaft connected to hydraulic steering system
10.7HP electrical bow-thruster with joystick control. Max Power®

SYSTEMS

Fresh water pressure. waste water and bilge pumps. Jabsco®
Electrical toilet. Jabsco®
Total 36,000 BTU capacity reverse-cycle air condition units. Cruisair®
Engine room and lazarette fans

ELECTRIC & CONTROLS

220VAC (or 110VDC) and 24VDC electrical system
32A (50A) shore connection with insulation transformer
7kW (9kW) diesel generator. Onan®
Batteries for service, start and bow thruster
Battery charger/inverter. Mastervolt®
Remote controlled searchlight. Jabsco®
Navigation lightd. Aqualights®
DC interior lights
Remote tank readings
Simrad® IS15 sounder
Ritchie® compass

PAINT & INSULATION

Spray foam insulation in accommodation; special insulation with lead barrier in engine space
Yacht-finish fairing and painting system. International®

INTERIOR

Mahogany walls and furniture with satin varnish
Formica laminate in ceilings, galley counter and shower/WC
Corian galley and WC counters
Floors, teak with white holly in salon; carpet in cabins and corridor and vinyl in WC

High quality hardware. Haffele®

EXTERIOR OUTFIT

Cabin and saloon hatches. Bomar®; aluminum frame portholes. Vetus®
Custom windows and sliding doors with aluminum frame and tempered glass
316L stainless steel railing, flag pole, and bitts
First class teak deck in way of cockpit
Remote controlled electrical windlass
45kg (100lbs) anchor and 30m (100') stainless steel chain
Fenders (4) and mooring lines

OPTIONS

Galley and household appliances
Upholstery
Electronics
Loose interior and exterior outfit
